Level 2 - MMP

Level 3 - D*D*D

English and Maths

About me

A student at the Belfast School of Art studying Interaction Design, developing my design skills. I'm interested in UI and UX design which I'm doing for my current projects, I also enjoy creating websites using HTML and CSS and I am excited to learn more about these tools.

I hope to achieve my degree and persue a career designing UI/UX, but I am open to learning about other paths in the design industry. It's important for me to cover different plaforms and continue to learn more about the design industry.

Programmes

During my time in the Interactive Media course and the Interaction Design course I have become familiar with several programmes such as:

Adobe Illustrator
Adobe Aftereffects
Adobe Indesign
Adobe XD
Adobe Photoshop
Brackets, and other HTML/CSS writing software.
